Company Overview

Eagle Security & Protection Inc. is a New York City–certified Minority/Women-Owned Business Enterprise (M/WBE) and NYS-licensed security guard company headquartered in Brooklyn, New York. Founded on the core principles of integrity, vigilance, and client-first service, Eagle Security has been delivering professional unarmed security guard services for over 6 years across a diverse portfolio of government, municipal, and private-sector clients throughout the New York metropolitan area.

Our company specializes in providing 24/7 coverage, stationary and mobile patrol operations, emergency response coordination, access control management, and compliance-driven incident reporting. We understand that every client and every site has unique security demands — which is why we design tailored, site-specific security plans for every engagement. Our personnel are rigorously vetted, fully NYS-licensed, and trained to uphold the highest standards of professionalism in every situation.

Eagle Security & Protection Inc. proudly serves government agencies, NYC municipal departments, corporate clients, property managers, event organizers, and private individuals. We are committed to delivering security solutions that are reliable, accountable, and government-ready.

03 | CORE COMPETENCIES

Core Competencies

Unarmed Security Guard Services NYS-licensed, uniformed, and professionally trained security officers deployed for stationary posts, patrol, and event coverage across all site types.	Access Control & Perimeter Security Comprehensive entry/exit management including handheld metal detector screening, visitor logging, credential verification, and unauthorized access prevention.
24/7 Coverage & Rapid Deployment Around-the-clock coverage capability with a roster of qualified relief officers ready for rapid dispatch. No post is ever left uncovered.	Government & Municipal Contracting Experienced in NYC agency contracting, PASSPort procurement, post order compliance, and prevailing wage adherence for government-awarded security contracts.
Emergency Response Coordination Trained emergency response protocols including immediate NYPD/FDNY/EMS notification, crowd evacuation support, and incident documentation.	Incident Reporting & Documentation Daily Activity Reports (DARs), incident logs, access control records, and all required compliance documentation submitted on time and in agency-specified formats.

04 | KEY DIFFERENTIATORS

Key Differentiators

Eagle Security & Protection Inc. stands apart through a combination of verified

M/WBE certification, a 100% licensed workforce, zero post-coverage failures, and a fully government-ready compliance posture — delivering measurable value to every contracting agency and client we serve.

- **NYC M/WBE Certified** — Fully certified by the NYC Department of Small Business Services, actively supporting the City's supplier diversity goals and M/WBE program participation requirements.
- **6+ Years of Proven Experience** — A demonstrated track record of reliable, professional security service delivery across government, municipal, and private-sector engagements.
- **100% NYS-Licensed Workforce** — Every guard holds a valid NYS Security Guard registration card and completes all required training under the NYS Security Guard Act before deployment.
- **Zero Post Coverage Failures** — Backed by a contingency staffing roster, Eagle Security guarantees no uncovered posts. Relief officers are dispatched within hours of any absence.
- **Site-Specific Security Planning** — Each engagement begins with a pre-deployment site assessment and custom post orders tailored to the unique environment, risk profile, and client requirements.
- **Full Insurance Coverage** — Commercial General Liability, Workers' Compensation, Employer's Liability, Automobile Liability, and Umbrella/Excess coverage — all policies current and compliant.
- **PASSPort-Ready Vendor** — Fully registered on the NYC PASSPort procurement platform and experienced in government RFP/RFQ response and compliance submission processes.
- **Prevailing Wage Compliant** — All government contracts are priced and executed in full compliance with NYC Comptroller prevailing wage schedules for security guard services.

06 | PAST PERFORMANCE

Past Performance

NYC Department of Parks & Recreation — Pelham Bay Landfill

EPIN: 84627Y0549 | Location: Pelham Bay, Bronx, NY | Submitted: July 2026

Unarmed security guard services including stationary posts, access control, visitor management, perimeter patrol, incident reporting, and emergency response coordination at a licensed solid waste facility. Eagle Security provided comprehensive post coverage, daily activity reports, and real-time coordination with NYC Parks supervisory staff. Prevailing wage compliant.

Private Event Security — Mr. Nabid Mostafa Zisan

Dates: September 21–25, 2026 | Location: New York City

Unarmed security guard services with handheld metal detector screening at all access and entry points. 60 total coverage hours across a 5-day engagement. All guards uniformed, licensed, and on-post for all scheduled shifts without incident.

General Government & Municipal Engagements

Eagle Security has supported various New York City government agencies and municipal entities with unarmed security services. The company is well-versed in agency-specific reporting standards, post order compliance, and PASSPort procurement documentation. Professional references from prior government engagements are available upon request.

07 | MISSION & CORE VALUES

Mission & Core Values

Our Mission: “To deliver professional, reliable, and client-centered security services that protect people, property, and peace of mind — with integrity at every post, and excellence in every engagement.”

Core Values:

- **Integrity** — We operate with transparency, honesty, and accountability in every interaction — with clients, with partners, and with the communities we serve.

- **Vigilance** — Every post, every shift, every guard maintains the situational awareness needed to identify, assess, and respond to threats before they escalate.
- **Professionalism** — From appearance and punctuality to communication and conduct, our team upholds the highest standards at all times.
- **Client-First Service** — We listen to our clients, learn their environments, and design security solutions built around their specific needs and expectations.
- **Community Commitment** — As a Brooklyn-based M/WBE firm, we are proud to invest in our community through employment, diversity, and service.

08 | OWNER PROFESSIONAL SUMMARY

Owner Professional Summary

The owner and principal of Eagle Security & Protection Inc. brings extensive leadership experience in security operations, client relationship management, and business administration. As the founder of Eagle Security, she has built the company from the ground up over 6+ years into a recognized NYC M/WBE certified security services provider.

Under her leadership, Eagle Security has expanded its service portfolio to serve both private-sector clients and government agencies, including NYC Department of Parks & Recreation. She oversees all company operations including staffing, compliance, client relations, contract management, and quality assurance — ensuring that Eagle Security consistently delivers on its commitment to professionalism and excellence.

Her background includes operational management, workforce development, compliance administration, and government contracting — competencies that

directly translate into Eagle Security's ability to perform reliably on complex, multi-post security contracts.

09 | LEADERSHIP PHILOSOPHY

Leadership Philosophy

At Eagle Security & Protection Inc., leadership is not just a title — it is a commitment to those we serve. Our leadership philosophy is built on three pillars:

Lead by Example.

Our owner and management team hold themselves to the same standards we expect of every guard on every post. Professionalism, punctuality, and dedication are non-negotiable at every level of the organization.

Develop and Empower.

We invest in our personnel through continuous training, mentorship, and professional development. When our guards grow, our clients benefit — and our company strengthens.

Accountability Without Exception.

Every missed report, uncovered post, or lapse in service is treated as an opportunity to identify the root cause and implement lasting corrections. We do not accept mediocrity — and our clients never have to.

10 | GOVERNMENT CONTRACTING CAPABILITIES

Government Contracting Capabilities

Eagle Security & Protection Inc. is fully equipped and experienced to perform on government and municipal security contracts. Our government contracting capabilities include:

- **PASSPort Platform Registration** — Active vendor registration on the NYC PASSPort procurement system; experienced in RFP/RFQ response and electronic bid submission.
- **NYC Agency Experience** — Prior engagement with NYC Department of Parks & Recreation; familiar with agency reporting standards, post order protocols, and supervisor communication requirements.
- **Prevailing Wage Compliance** — All contracts are executed in full compliance with NYC Comptroller prevailing wage schedules and NYC Local Law 34 requirements.
- **OSHA & Site Safety** — Security officers assigned to government and environmental sites receive OSHA awareness orientation and site-specific safety briefings prior to first deployment.
- **BIC Awareness** — Prepared to comply with NYC Business Integrity Commission registration and disclosure requirements for applicable site types (including waste facilities and landfills).
- **Daily Reporting & Documentation** — Daily Activity Reports (DARs), incident reports, access logs, and all required documentation submitted accurately and on time in formats required by the contracting agency.
- **Contingency Staffing** — Maintains a qualified relief roster to guarantee uninterrupted post coverage 365 days per year, including holidays.

Compliance & Insurance

Regulatory Compliance:

- NYS Department of State — Security Guard Company License (Active)
- NYS Security Guard Act — All officers licensed, trained, and registered per Article 7-A, General Business Law
- NYC Local Law 34 & Prevailing Wage — Full compliance with all applicable wage schedules
- NYC Business Integrity Commission — Prepared for applicable BIC requirements
- OSHA — Site-specific safety orientation for all relevant deployment environments

Insurance Coverage (All Policies Active):

Coverage Type	Status
Commercial General Liability Insurance	Active
Workers' Compensation Insurance	Active
Employer's Liability Insurance	Active
Automobile Liability Insurance	Active
Umbrella / Excess Liability Insurance	Active

Certificates of Insurance (COI) are available upon request and will be provided to contracting agencies immediately upon contract award.

12 | SERVICE DELIVERY PROCESS

Service Delivery Process

Step 1 — Client Consultation & Needs Assessment

Every engagement begins with a thorough consultation to understand the client's security requirements, site environment, risk profile, coverage hours, and specific concerns.

Step 2 — Pre-Deployment Site Assessment

Prior to the first day of service, our team conducts an on-site walkthrough to identify critical security posts, access control points, potential vulnerabilities, and site-specific hazards.

Step 3 — Custom Post Orders & Staffing Plan

Based on the assessment, we develop site-specific post orders, assign qualified personnel, and establish a staffing schedule that guarantees full coverage for all required shifts.

Step 4 — Guard Deployment & Orientation

All assigned officers receive a comprehensive pre-deployment briefing including post order review, client expectations, communication protocols, and emergency response procedures.

Step 5 — Ongoing Operations & Supervisor Oversight

A designated site supervisor or field manager oversees all post operations, conducts regular post checks, evaluates officer performance, and maintains open communication with the client.

Step 6 — Daily Reporting & Incident Documentation

All officers submit Daily Activity Reports (DARs) at the conclusion of each shift. Incidents are documented and reported immediately, in the format required by the client or contracting agency.

Step 7 — Quality Review & Client Communication

Our management team conducts regular performance reviews, addresses client feedback proactively, and implements continuous improvements to ensure service quality never declines.

13 | CONTACT & EMERGENCY RESPONSE

Eagle Security & Protection Inc.

Headquartered in Brooklyn, New York
